**WARNING:**

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

**8. SHOWING**

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

**9. PETITIONER(S) REQUESTS THAT THE DELAYED PAYMENT OF THE MAINTENANCE FEE BE ACCEPTED AND THE PATENT REINSTATED.**

STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

United States Patent Number 6,310,036 issued on October 30, 2001 and went abandoned on October 9, 2009 for failure to pay the second maintenance fee. Abandonment was unavoidable.

The '036 patent was filed on January 9, 1999, by Dr. David A. Browdie, sole inventor and president of Last Chance Tissue Adhesives, Inc., (LCTA) the assignee of record. The attorney of record, Louis C. Cullman of the firm of Oppenheimer Wolff Donnelly filed, prosecuted and maintained the patent through first maintenance fee. Dr. Browdie and LCTA relied upon the attorney of record to notify him or the company as to any additional post-issuance matters. Neither Dr. Browdie nor LCTA has ever received any such notices.

In the latter part of 2011, Dr. Linda Shecterle, now president of LCTA, was informed by an unrelated third party that the patent had gone abandoned because of non-payment of the second maintenance fee. Dr. Shecterle promptly ascertained that the patent was abandoned, and with guidance from the USPTO web site, filed a petition to accept a delayed maintenance fee for a patent unintentionally abandoned, under 35 U.S.C. § 41 (b), on April 5, 2012. The petition was denied by letter of June 13, 2012.

It is noted that the attorney Louis C. Cullman is now a member of the firm K & L Gates. Perhaps there was an inadvertent failure of transfer of files. It is also noted that Dr. David Browdie, sole inventor and former president of LCTA, is elderly and in poor health.

It was an error to claim unintentional abandonment; the abandonment was unavoidable to LCTA because: (1) the attorney of record failed to either pay the fee or notify LCTA that the fee was due and (2) LCTA was not aware that a post-issuance fee was due.

For these reasons, LCTA respectfully requests revival of the '036 patent.

Enclosed is a Power of Attorney appointing Kathleen R. Terry as Attorney of Record.

Dear Ms. Brinkley;

This letter is meant to inform you of my status with Last Chance Tissue Adhesives Corporation (LCTA). I was elected President, within the last two years, by the shareholders of LCTA to bring this technology to the marketplace.

The related petition for revival for an unavoidably abandoned patent was dismissed by your office due to deficiencies in the formalities. We hope the enclosed documents correct these deficiencies. We look forward to revival of this patent.

Thank you in advance,

  
Linda M. Shecterle, PhD

President
